You took my pride away, but You cannot take my life

I'11 find another way

I'11 wonder if you're takin' my life

Don't you see how I...

I'm better off all by myself

Though I'm feelin' kinda empty without somebody else

Oh, I hear you cryin' out for help

But you never showed for me when I was ringin' your cellphone

Oh, you don't know how it feels to be alone

Baby, oh, I'11 make you know, I'11 make you know, oh

I'm better off all by myself

Though I' m feelin' kinda empty without somebody else

Oh, I hear you cryin' out for help

But you never showed for me when I was ringin' your cellphone

Oh, you don't know how it feels to be alone

Baby, oh, I'11 make you know, I'11 make you know, oh
