[Verse 1]

```
          Bm            G
When this began, I had nothing to say
           A                            Em                  Bm
And I&#39;d get lost in the nothingness inside of me (I was confused)
(Bm)             G
And I let it all out to find
            A                            Em                        Bm
That I&#39;m not the only person with these things in mind (inside of me)
(Bm)                  G
But all the vacancy the words revealed
        A                        Em                       Bm
Is the only real thing that I got left to feel. (nothing to lose)
(Bm)           G
Just stuck, hollow and alone
          A                      Em
And the fault is my own, and the fault is my own.
```

[Chorus]

```
         Bm
I want to heal,
          D
I want to feel,
      G                        Em
```

what I thought was never real
          Bm   D   A   Em
I want to let go of the pain I felt so long (Erase all the pain 'til it's
gone)
          Bm
I want to heal,
          D
I want to feel,
        G   Em
like I'm close to something real
          Bm   D   A
I want to find something I've wanted all along
Em   (Bm)
Somewhere I belong

[Verse 2]

          G
And I've got nothing to say
        A   Em   Bm
I can't believe I didn't fall right down on my face (I was confused)
                  G
Looking everywhere only to find
          A   Em   Bm
That it's not the way I had imagined it all in my mind (So what am I?)
                    G
What do I have but negativity?
                  A   Em   Bm
'Cause I can't justify the way everyone is looking at me. (nothing to
lose)
                  G
Nothing to gain, hollow and alone
        A   Em
And the fault is my own, and the fault is my own

[Chorus]

          Bm
I want to heal,
          D

```
I want to feel,
     G                    Em
what I thought was never real
        Bm            D              A                    Em
I want to let go of the pain I felt so long (Erase all the pain 'til it's
gone)
          Bm
I want to heal,
        D
I want to feel,
        G                    Em
like I'm close to something real
         Bm                  D          A
I want to find something I've wanted all along
Em              (Bm)
Somewhere I belong

[Bridge]

      G
I will never know
  A             Em              Bm
myself until I do this on my own
         G
And I will never feel,
A              Em                Bm
anything else until my wounds are healed
       G
I will never be
A              Em                Bm
anything 'til I break away from me
       G
I will break away,
     A      Em      (Bm)
I'll find myself today
