AC/DC - Touch Too Much

Ε It was one of those nights C When you turned out the lights And everything comes into view She was taking her time C I was losing my mind There was nothing that she wouldn't do It wasn't the first It wasn't the last Α She knew we was making love C I was so satisfied Deep down inside Like a hand in a velvet glove Ε G Seems like a touch, a touch too much Seems like a touch, a touch too much Too much for my body, too much for my brain D C This damn of woman's gonna drive me insane Ε G D She's got a touch, a touch too much Ε She had the face of an angel C Smiling with sin

A body of Venus with arms
