I don't believe in failure.
Cause I know the smallest voices,
        D
                        Em
they can make it major,
             D

                                             С
I got my boys with me at least those in favor
and if we don´t see before I leave,
         D
I hope to see you later.
[Chorus 4]

                 D
                       G
Once I was twenty years old
            С
my story got told
I was writing about everything,
       D
I saw before me

Soon we´11 be 30 years old
                   С
our songs have been sold
we've traveled around the world
               D
and we´ re still roaming
                D
                      G
