[Intro]

Em   Dm   Em   Dm

[Verse 1]

```
     Emadd9
Hey you! out there in the cold
                                    Bm
Getting lonely, getting old, can you feel me
     Emadd9
Hey you! standing in the aisles

                                      Bm
With itchy feet and fading smiles, can you feel me
D                              D7        G   D   C
Hey you! don't you help them to bury the light
Bm          Am          Em          Dm
Don't give in without a fight.
```

[Verse 2]

```
     Emadd9
Hey you! out there on your own
                                    Bm
Sitting naked by the phone would you touch me
     Emadd9
Hey you! with your ear against the wall

                                    Bm
Waiting for someone to call out would you touch me
D                              D7        G   D   C
Hey you! would you help me to carry the stone
Bm              Am          Em
Open your heart, I'm coming home
```

C          D      G D  C
But it was only a fantasy
C               D         G   D   C
The wall was too high, as you can see
C               D             G   D    C
No matter how he tried he could not break free

And the worms ate into his brain.

[Verse 3]

     Emadd9
Hey you! out there on the road
                                    Bm
Doing what you're told, can you help me
G    Emadd9
Hey you! out there beyond the wall
                                      Bm
Breaking bottles in the hall, can you help me
D                             D7        G  D  C
Hey you! don't tell me there's no hope at all
  Bm            Am           Emadd9
Together we stand, divided we fall.
