

Guns N' Roses - This I Love

Am F
And now, I don't know why she wouldn't say goodbye
Dm E
But then, it seems that I had seen it in her eyes
Am F
Though it might not be wise, I'd still have to try
Dm E
With all the love I have inside, I can't deny
Am F
I just can't let it die, cause her heart's just like mine
Dm E
And she holds her pain inside
Am F
So, if you ask me why she wouldn't say goodbye
Dm E
I know somewhere inside
Am F
There is a special light still shining bright
Dm E
And even on the darkest night, she can't deny

[Refren]

Am F
So, if she's somewhere near me, I hope to God she hears me
Dm E
There's no one else could ever make me feel I'm so alive
Am F
I hoped she'd never leave me, please God, you must believe me
Dm E
I've searched the universe and found myself within her eyes

[Strofa 2]

Am F
No matter how I try, you say it's all a lie
Dm E
So what's the use of my confessions to a crime
Am F Dm E
Of passions that won't die, in my heart?

[Refren] 2x

Am F
So, if she's somewhere near me, I hope to God she hears me
Dm E
There's no one else could ever make me feel I'm so alive
Am F
I hoped she'd never leave me, please God, you must believe me
Dm
I've searched the universe and found myself within her eyes

[Outro]

Am F
So, now I don't know why she wouldn't say goodbye
Dm E
It just might be that I had seen it in her eyes
Am F
And now, it seems that I gave up my ghost of pride
Dm E
I'll never say goodbye
