Tuning: E A D G B E

Author perkoluke3 [pro] 31. Last edit on Apr 06, 2020.

### [Verse 1]

Am F C  
Okay, okay, I see what's happening here  
G Am  
You're face-to-face with greatness and it's strange  
F C  
You don't even know how you feel, it's adorable  
G Am  
Well, it's nice to see that humans never change  
F C  
Open your eyes, let's begin  
G Am  
Yes, it's really me, it's Maui, breathe it in  
F C  
I know it's a lot: the hair, the bod  
G  
When you're staring at a demigod

### [Chorus]

Am F C  
What can I say except "you're welcome"?  
G Am  
For the tides, the sun, the sky  
F C  
Hey, it's okay, it's okay, you're welcome  
G Am  
I'm just an ordinary demi-guy!

### [Verse 2]

F C  
Hey, what has two thumbs and pulled up the sky  
G

When you were waddling yay high? This guy  
                     Am                                    F  
 When the nights got cold, who stole you fire  
                     C  
 from down below?  
                     G  
 You're looking at him, yo!  
                     C                            F                            C  
 Oh, also I lassoed the sun, you're welcome  
                     G                                    Am  
 To stretch your days and bring you fun  
                     F                                    C  
 Also, I harnessed the breeze, you're welcome  
                     G  
 To fill your sails and shake your trees

[Chorus]  
                     Am                            F                            C  
 So, what can I say except "you're welcome"?  
                     G                                    Am  
 For the islands I pulled from the sea  
                     F                                    C  
 There's no need to pray, it's okay, you're welcome  
                     G                                    Am  
 I guess it's just my way of being me  
                     F                                    C  
 You're welcome, you're welcome

[Verse 3]  
 G  
 Well, come to think of it  
 Am  
 Kid, honestly, I can go on and on  
 F  
 I can explain every natural phenomenon  
 C  
 The tide, the grass, the ground  
 G  
 Oh, that was Maui just messing around  
 Am

I killed an eel, I buried its guts  
F  
Sprouted a tree, now you've got coconuts  
C  
What's the lesson? What is the takeaway?  
G  
Don't mess with Maui when he's on the breakaway  
Am  
And the tapestry here in my skin  
F  
Is a map of the victories I win  
C  
Look where I've been, I make everything happen  
Am F  
Look at that mean mini Maui just tippity tapping  
  
Ha, ha, ha, ha, ha, ha, hey

[Chorus]

Am F C  
Well anyway, let me say "you're welcome"  
G Am  
For the wonderful world you know  
F C  
Hey, it's okay, it's okay, you're welcome  
G Am  
Well, come to think of it, I gotta go  
F C  
Hey, it's your day to say "you're welcome"  
G Am  
'Cause I'm gonna need that boat  
F C  
I'm sailing away, away, you're welcome  
G Am  
'Cause Maui can do everything but float  
F C  
You're welcome, you're welcome

[Outro]

C

And thank you!
